Our school mission is what God sent us into the world to do – to help build His Kingdom through learning, playing and making friends together.
The tools we will use to do this are:

Caring

Sharing

Love

Trust

Respect

Letter No 8

The Pixies - Newsletter

Dear Parents/Carers,

In RE we have started our new Branch Prophecy and Promise. The children have been exploring Bibles and finding similarities and differences. They then sorted the names of the books of the Bible into Old Testament and New Testament. In Lesson 2 the children learnt about the Annunciation story.

Assembly

In celebration assembly we celebrated Nancy as a Star Writer, Leon as Maths Master, Louis for CST Creation and Environment and Thea for always showing our Gospel values.

Reading – Some Pixies have moved groups following Term 1's phonics assessment data. Please make sure that the Big Cat phonics books come into school every day. They will be changed at some point during the week, following each's group's third reading session. Your Pixie is able to change their sharing book whenever they feel they want to.

Maths – The Pixies have been thinking about two numbers that make 8. They have been finding the missing parts of part, part whole models.

English – The Pixies have started the traditional tale, The Three Little Pigs. They have completed a wanted poster of the wolf and thought about words to describe the wolf and the pigs.

Geography – The Pixies have started our new unit "Let's visit Australia". They learnt about the different states.

PSHE – This week we have been using our Ten Ten scheme for Catholic Schools and thinking about how we are all special and we need to take care of ourselves.

DT – We have been looking at Christmas decorations and thinking about how they are made. We have thought about a decoration that we could make and made a simple design.

Dates: 15th and 16th December - EYFS/KS1 Nativity performances (see Mrs Jukes app message)

Have a lovely week off.
Mrs Felicetti
